\_\_\_\_\_ chute fee \$350. For donated and futurity breeding only  
\_\_\_\_\_ Purchase disposable shipping container \$38.

this contract is good for one live Foal Guarantee: Here at Riverside Ranch it does not matter if the foal nurses or not, if for ANY reason you do not get your foal, you will be offered a return service! Please try to order semen as soon as possible, we like a 24 hour notice but will keep taking orders even on morning of collection until fed ex is out the door! Semen will be shipped on collection days only on a "first to order" basis. Photocopy of the registration papers front and back shall be sent to the Breeder along with signed copy of this contract. Shipping days will start in February, end in July, every MONDAY-WEDNESDAY-FRIDAY. Timing of other shipments on non-collection days will need to be approved by breeder. Breeder will send one dose of industry standard cells with appropriate information concerning progressive motility numbers at time of dispatch, and we always try to send two doses determined by first order basis. Breeder is not responsible for the handling process of the semen after its departure. A sample of said collection, will be retained for evaluation. If the above named mare should die or become barren during breeding season, then the Mare Owner may substitute another mare in her place for this contract. For best results, we recommend sending your mare to a vet clinic or breeding farm, palpate by ultrasound, keep semen refrigerated until deep horn insemination four hours prior to and or after ovulation. Late orders will be taken up to departure of fed ex upon first come basis and availability, our goal is to get it to you! WE DO NOT OFFER SAME DAY airport semen orders. It is understood that if the mare proves barren, aborts her foal, or if foal is stillborn a return season is guaranteed for the following year with a rebreed book, NO VET PROOF IS NEEDED, we believe you, and are sorry for your loss. Frozen semen will be an option with breeder's approval. Should the above named stallion die, or become unfit for service the mare owner may choose to re-breed a mare to breeders other stallion if available or contract will be a forfeit and void. A breeder's certificate will be listed to the name on registration papers and issued to Mare Owner after all expenses have been paid in full and upon notification of birth. The signing of this contract entitles Breeder to charge 3% sir charge for any credit card use, and voids any previous contract. This contract is governed by the laws of the state of Washington. All accounts are due and payable in Snohomish County, Washington, in U.S. Dollars. if the above named mare should die during breeding season, then the Mare Owner may substitute another mare in her place. At no time is the contract saleable. PAINT/APPY Color Guarantee: Rebreed following year only with a booking fee. Booking will be charged on receipt of contract and other fees will be charged day of semen shipment. Thank you for believing in such a great stallion "MY FINAL NOTICE" We look forward to seeing your baby photos
